RESOLUTION NO. 40 of 2023 BY THE CADDO PARISH COMMISSION: A RESOLUTION URGING AND REQUESTING THE UNITED STATES CONGRESS TO ENACT BIPARTISAN BILLS TO ADDRESS THE MEDICAID INMATE EXCLUSION POLICY, AND TO OTHERWISE PROVIDE WITH RESPECT THERETO. WHEREAS, Congress is currently negotiating the reauthorization of the Substance UseDisorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act of 2018, which expires on September 30, 2023; and WHEREAS, currently the Medicaid Inmate Exclusion Policy (MEIP) strips federal health benefits from individuals admitted to jail before they are convicted of a crime. This policy violates an individual's constitutional rights and fundamental presumption of innocence, strains our local judicial, law enforcement, public safety and human services systems, and results in higher rates of recidivism and poorer health outcomes in our communities. Additionally, this policy contributes to the over-incarceration of individuals suffering from mental and behavioral health crises, making jails the largest behavioral health providers in the nation; and WHEREAS, the MEIP taxes citizens with the exorbitant burden of inmate healthcare costs; and WHEREAS, this burden is aptly illustrated by the costs of inmate healthcare borne by Caddo Parish Citizens over the last six years; and 2018-\$3,988,340 2019-\$4,559,256 2020-\$4,710,493 2021-\$4,610,693 2022-\$5,115,856 2023-\$5,350,000 (budgeted) WHEREAS, as part of the negotiations reauthorizing the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act, Congress has an opportunity to address the authorization of key programs within the Act; and WHEREAS, two acts, The Reentry Act (H.R. 2400/S.1165) and The Due Process Continuity of Care Act (H.R. 3074/S.971) would ease the burden of paying for healthcare for pretrial detainees. NOW, THEREFORE, BE IT RESOLVED by the Caddo Parish Commission in due, regular and legal session convened, that the Caddo Parish Commission does hereby urge and request the United States Congress to support the inclusion of the following bipartisan bills that would address the Medicaid Inmate Exclusion Policy (MIEP):

- The Reentry Act (H.R. 2400/S.1165), which would allow Medicaid payment for medical services furnished to an incarcerated individual during the 30-day period preceding the individual's release. λ The Due Process Continuity of Care Act (H.R. 3074/S.971), which would allow pretrial detainees to receive Medicaid benefits at the option of the state. BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to the Louisiana Congressional delegation; BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to the United States House of Representatives and Senate as well as the chairs of the House of Representatives and Senate Appropriations Committees; BE IT FURTHER RESOLVED if any provision or item of this resolution or the application thereof is held invalid, such invalidity shall not affect other provisions, items or applications which can be given effect without the invalid provisions, items or applications, and to this end, the provisions of this resolution are hereby declared severable. BE IT FURTHER RESOLVED that this resolution shall take effect immediately. BE IT FURTHER RESOLVED

that all resolutions or parts thereof in conflict herewith are hereby repealed.

STAFF REPORT

JULY 26, 2023

AGENDA ITEM NUMBER: 7

MPC Staff Member: Jomari Smith

Parish Commission District: 12/Ken Epperson

CASE NUMBER 23-9-P: ZONING REQUEST

APPLICANT: MOHR AND ASSOCIATES, INC
OWNER: RONNY J. AS TRUSTEE OF (THE GFC TRUST INSTRUMENT) LADNER
LOCATION: 8990 BUNCOMBE RD (NE corner of Greenwood Springridge and Buncombe Rd)
EXISTING ZONING: R-A
REQUEST: R-A to C-3
PROPOSED USE: Contractors Office

DESCRIPTION: The applicant is requesting approval to rezone a 0.67-acre tract of land from a R-A (Rural-Agricultural Zoning) to a C-3 (General Commercial Zoning). The purpose of this rezoning is so that the owner may utilize an existing structure at the site for a contractor's office. It's the northeast corner lot at the intersection of Buncombe Rd. and Greenwood Springridge Rd (LA. HWY 169). This case was originally deferred from the April 26th public hearing. During that meeting, there was discussion to amend the Parish Unified Development Code to allow Residential Storage Structures as a permitted use on residentially zoned properties. The board deferred the requested rezoning until such time that the Code Text amendment was adopted in the Parish UDC.

In discussion with the applicant, it was evident that the proposed structure would not be for personal storage, but rather for a contractor's office; therefore, the use of a Residential Storage Structure at this site would not be applicable. Thus, the request to rezone from R-A to C-3 remains.

There is currently no commercially zoned property within the vicinity of the site; the nearest commercial zoning is approximately 4.2 miles away east on Buncombe Rd. The property located across the street at the northwest corner of the intersection is R-A-E (Rural-Agricultural Extended Use).

The site does have case history, also within the proximity of the site we have a few cases related.

- P-16-03, Denied rezoning attempt for R-A to C-2.
- P-10-98, Approved rezoning attempt for R-A to a B-2(Neighborhood Business), no permits were issued so the zoning reverted to R-A.
- P-16-96, Denied rezoning attempt for a R-A to B-3.

Nearby neighborhoods include: Idlewood, Fox Crossing, Walnut Hills,

REMARKS: Section 5.2 of the Caddo Parish UDC, contractor office is not a permitted by right use, and would require a special use permit in a C-3 zoning district, it is however a permitted by right use within a C-4 zoning. In observation of the property located at 8990 Buncombe Rd, no property within the area and/or community appears to be commercial property or have a commercial zoning.

STAFF REPORT

As stated in Article 4.3 of the Unified Development Code (UDC), C-3 is defined as *"The purpose of the C-3 General Commercial Zoning District is to accommodate regional commercial centers. The C-3 District provides for medium- and large-scale development that may generate a sizeable amount of traffic and typically requires significant off-street parking. Higher density residential uses are also allowed to facilitate mixed-use development where appropriate.."* The permitted by right uses in C-3 zoning district include Agriculture, Amusement Facility – Indoor, Animal Care Facility, Animal Shelter, Animal Shelter – Operated by Public Authority, Art Gallery, Arts Studio, Automated Teller Machine – Standalone, Body Modification Establishment, Broadcasting Facility TV/Radio - Without Antennae, Bus Transfer Station, Business Support Services, Car Wash, Commercial Facility For Pop-Up Use, Community Center, Community Garden, Cultural Facility, Day Care Center, Drive-Through Facility, Dwelling – Above the Ground Floor, Educational Facility - Primary or Secondary, Financial Institution, Financial Institution with Drive-Through, Food Truck and Trailer Vendor, Funeral Home, Furniture, Furnishings and Equipment Sales, Gas Station, Government Office, Healthcare Institution, Hotel, Industrial Services, Live Performance Venue, Lodge/Meeting Hall, Medical/Dental Office, Office, Outdoor Dining, Parking Lot (Principal Use), Parking Structure (Principal Use), Personal Service Establishment, Place of Worship, Public Park, Public Safety Facility, Reception Facility, Residential, Care Facility, Restaurant, Retail Sales of Alcohol-Beer/Wine, Retail Goods Establishment, Self-Service Ice Vending Unit, Self-Storage Facility: Climate-Controlled, Soup Kitchen, Soup Kitchen, Accessory, Specialty Food Service, Vehicle Dealership – Enclosed, Vehicle, Dealership – With Outdoor Storage/Display, Vehicle Rental – Enclosed, Vehicle Repair/Service – Minor, Wireless, Telecommunications – Attachments to Existing Structures (Other than Towers), Wireless Telecommunications – Modifications, Farmers' Market, Temporary Outdoor Events, Temporary Sale of Non-Seasonal Merchandise and Temporary Seasonal Sales.

In following the future land use map and Master Plan, a request to rezone this property for commercial use would not be appropriate. The map makes a recommendation for this property to remain residential low. The map, however, does show that 780 feet to the east of the property a zoning recommendation for Commercial is present.

The applicant hosted a neighborhood participation meeting on April 11, 2023 at 6:00 pm. We allotted 39 potential residencies to participate within the NPP(Neighborhood Participation Plan) meeting, this resulted in 3 people coming and a couple voicing opinions and posed questions, however they have no opposition.

STAFF

ASSESSMENT: On April 26, 2023, MPC Staff concluded that rezoning was not warranted. Based on the information contained in the application, and analysis of the facts of record, MPC Staff concludes that approval is not warranted:

AGENDA ITEM NUMBER: 10

MPC Staff Member: Benjamin Koby

Parish Commission District: 11/Ed Lazarus

CASE NUMBER 23-20-P: ZONING REQUEST

APPLICANT: CASEY KIET HO
OWNER: Casey Kiet Ho
LOCATION: East side of Mansfield Road, approx. 450' south of Stagecoach Road.
EXISTING ZONING: C-2
REQUEST: I-2
PROPOSED USE: Warehouse

DESCRIPTION: The applicant is requesting to rezone the northern half of their property from C-2 (Corridor Commercial) to I-2 (Heavy Commercial) for warehouse space.

Previous cases associated with this property include: Approved Rezoning from R-A to I-2 (P-17-76); Site plan approval for a Retail Center in I-2 (P-24-17); Special Use Permit and Site Plan Approval for retail sale of liquor in I-2 (19-309-P); Site Plan Modification for the retail plaza (20-3-P); and Approved Rezoning from I-2 to C-2 (21-22-P). Nearby relevant cases include: A withdrawn rezoning from R-A to I-2 for a Data Center (23-3-P); approvals of rezoning to Neighborhood Commercial (B-2; C-2 under the UDC) for an apparel shop and unspecified commercial uses (P-21-77, P-44-80), and approvals of rezoning to B-3 for a mobile home park, portable building sales and manufactured home sales (P-31-77, P-32-79, P-4-88) and approval of R-A Extended Use zoning for septic system manufacture and sales (P-26-95).

Nearby neighborhoods include: Boggy Bayou, Keith Road, Southern Hills, and Summer Grove.

REMARKS: As outlined in the case history section, this property was rezoned from R-A (Rural Agriculture) to I-2 in 1976. It continued to be zoned industrially, until it was rezoned to C-2 in 2021 to accommodate growth of the existing retail center on the property. The rezoning in 2021 was voted for approval by the Metropolitan Planning Commission Board. However, the northern section of this property has not been developed to expand the retail center. The same applicant who requested rezoning in 2021 is requesting rezoning to revert the northern portion of the property to I-2 for warehouse uses. However, they will be granted the ability to develop the site for any use that is permitted within the I-2 District

As stated in Article 4.5 of the Unified Development Code (UDC), I-2 is defined as *"The purpose of the I-2 Heavy Industrial Zoning District is to provide for a wide variety of general manufacturing, fabricating, processing, wholesale distributing and warehousing uses. Commercial uses and open storage of materials are allowed. The industrial uses include fabrication, warehousing and assembly-type manufacturing, as well as office and research and development facilities, which may result in some moderate external effects such as smoke, noise, glare or vibration, and typically include outdoor storage and related outdoor activities"*. The permitted by right uses in I-2 zoning district include Agriculture, Retail Sales of Alcohol-Beer/Wine, Animal Shelter – Operated by Public Authority, Automated Teller Machine - Standalone, Bus Transfer Station, Contractor

Office, Food Truck and Trailer Vendor, Freight Terminal, Gas Station, Government Office, Industrial - Heavy, Industrial - Light, Lodge/Meeting Hall, Office, Public Safety Facility, Public Works Facility, Research and Development, Restaurant, Retail Goods Establishment, Salvage Yard, Self-Service Ice Vending Unit, Solar Farm, Soup Kitchen, Storage Yard - Outdoor, Truck Repair, Truck Stop, Utility, Vehicle Dealership – With Outdoor Storage/Display, Vehicle Operation Facility, Warehouse, Wireless Telecommunications – Attachments to Existing Structures (Other than Towers) and Wireless Telecommunications – Modifications, .

Directly to the south of this rezoning application is the existing retail center that received site plan approval in 2017 (P-24-17) and will remain to be zoned as C-2. Since the retail center was built, the C-2 zoning district is more appropriate for the use. While this property was not developed as a part of the retail center, it is now directly adjacent to the retail center. Retail centers invite many customers into an area. The I-2 District introduces uses that are not conducive to a lot of customer activity, so this rezoning Has the potential to impact those who go to shop at the retail center.

However, most of the nearby properties on the Eastern side of Mansfield Rd are zoned industrially. This property exists within an approximately 150-acre block of Heavy Industrial land. Within this block are uses such as: pre-fabricated building sales sites, Storage Yards, Contractor's Office, and other Industrial Uses. On the western side of Mansfield Rd across from this site is a vacant gas station, an outdoor equipment rental and repair establishment, and an outdoor storage yard. South of the commercial stretch on the western side of Mansfield Rd, there are existing, occupied houses.

Considering alternatives to the requested I-2 zoning district has revealed that the I-1, I-MU, C-4, and OR zoning districts would allow avenues of approval of an expanded warehouse space. The OR (Office Research) district is intended to accommodate larger office structures, office parks, and research and development facilities; so, it is not a fitting alternative. The I-MU (Industrial Mixed Use) zoning district is intended to provide a mix of light industrial uses and compatible commercial uses. The I-MU zoning district serves as a transitional zoning district between industrial and commercial zoning. The I-MU district would serve as a sort of buffer between the retail center and the existing other Industrial Uses. The I-1 (Light Industrial) zoning district allows for a warehouse by right. The C-4 (Heavy Commercial) zoning district requires an Administrative Special Use Permit.

The Future Land Use Map in the Shreveport-Caddo 2030 Great Expectations Master Plan show that this property was classified as an industrial parcel. However, the road itself and a few of the properties across Mansfield Rd from this site are slated to be neighborhood commercial development.

The applicant was required to host an NPP meeting. The meeting was held at the Mansfield Plaza retail center on Thursday, July 6th from 4-6pm. There were no attendants at the meeting and we have no received no opposition expressed.

STAFF

ASSESSMENT: Based on the information contained in the application, and analysis of the facts of record, MPC Staff concludes that approval is warranted to rezone from C-2 to I-2.

5. Term. Members will be appointed to serve 3 year terms.
6. Meetings. The Taskforceshall meet in person or virtually each year.
7. At least annually, each Qualified Parish and Lead Parish shall provide to the State and the Taskforce a report detailing for the preceding time-period (1) the amount of the LG Share received by each Participating Local Government within the Parish, (2) the allocation of any awards approved (listing the recipient, the amount awarded, the program to be funded, and disbursement terms), and (3) the amounts disbursed for approved allocations.
8. At least annually, the State and the Taskforce shall publish a report detailing for the preceding time-period (1) the amount of the State Share received, (2) the allocation of any awards approved (listing the recipient, the amount awarded, the program to be funded, and disbursement terms), and (3) the amounts disbursed for approved allocations.

C. Allocation of Settlement Proceeds

1. All of the Opioid Settlement Funds shall be received on behalf of the Local Governments and will be placed into one fund (hereinafter, "Opioid Abatement Fund") for the benefit of the Parishes and Municipalities of the state after deducting costs of the Local Government Fee Fund detailed in paragraph D below:
 - a. The amounts received shall by the Local Governments shall be allocated with twenty percent (20%) going to the benefit of Sheriffs and the remaining eighty percent (80%) going to the benefit of the other Local

Governments , all as provided hereinafter.

- b. The amounts to be distributed to each Parish and Municipalities shall be determined by the Negotiation Class Metrics or other metrics agreed upon, in writing, by the Parishes and Municipalities. The amounts to be distributed to each Sheriff shall be determined by the Negotiation Class Metrics or other metrics agreed upon, in writing, in the same way allocated to the Parishes.
- c. The Opioid Taskforce will annually calculate the share of each Parish within the State utilizing the sliding scale in section 4 of the allocation contained in the Negotiation Class Metrics or other metrics that the Parties agree upon.
- d. For Qualified Parishes, the Qualified Parish's share, including the Municipalities within that Parish, will be paid to the Qualified Parish and expended for Approved Purposes, including the Core Strategies identified in Exhibit A, if applicable. A priority shall be given to treatment of citizens with opioid use disorder who are not covered by Medicaid or not covered by private insurance for such treatment.
- e. For all other Parishes, the funds allocated for those Parishes and Municipalities shall be paid on a regional basis consistent with Louisiana Department of Health Regions, as set forth in Exhibit B. The regional share of the funds will be paid to the designated Parish as set forth in Exhibit B and expended for Approved Purposes, including the Core Strategies identified in Exhibit A, if applicable in that Region. A priority shall be given to treatment of citizens with opioid use disorder who are not covered by Medicaid or not covered by private insurance for such treatment.
- f. Any gains, profits, or interest accrued from the deposit of the Opioid Funds to the extent that any funds are not appropriated and expended within a calendar year, shall be the sole property of the Party that was entitled to the initial deposit.
- g. The Taskforce may take no more than 3% administrative fee from the Opioid Abatement Fund ("Administrative Costs") for operation of the Taskforce .

D. Payment of Counsel and Litigation Expenses

1. This section D shall only apply to any settlement funds or fees derived from settlement(s) with McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation (hereinafter, "Settling Distributors") and Johnson & Johnson, Janssen Pharmaceuticals, Inc., Ortho- McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc.
2. The Parties anticipate that any national settlement will provide for the partial payment of fees and litigation expenses to counsel representing Local Governments. If the court in *In Re: National Prescription Opiate Litigation*, MDL No. 2804 (N.D. Ohio) or a national global settlement otherwise establishes a separate fund or similar device for the payment of fees and expenses to counsel or requires any governmental plaintiffs to pay a share of their recoveries from defendants into an attorney fee and expense fund as a "tax," then Participating Local Governments shall first seek to have the settling defendants pay the requisite amounts into that fund. If the settling defendants do not agree, then the amounts due to the fee and expense fund shall be paid from the State of Louisiana's recovery, prior to the allocation and distribution of any settlement funds to the State or Participating Local Governments.
3. Any governmental entity which seeks attorneys' fees and expenses for its counsel shall first seek to recover those amounts from the national settlement. Anticipating that any fund established as part of a national settlement will not be sufficient to pay all contingency fee contracts for Participating Local Governments in the State of Louisiana, the Parties agree to create a supplemental fee and expense fund (the "Local Government Fee Fund" or "LGFF").
4. The LGFF is to be used to compensate counsel for Participating Local Governments that filed opioid lawsuits by the Effective Date of this Agreement ("Litigating Participating Local Governments").
5. The LGFF shall be used to pay the fees and expenses of Participating Local Governments in the State of Louisiana who filed opioid lawsuits on or before the date of this agreement. The amount of funds to be deposited in the LGFF shall be contingent upon the overall percentage of Incentive Payments awarded to the State of Louisiana under the national settlement, pursuant to the following table, with the LGFF percentage being a percentage of the Total Cash Value of payments to the State of Louisiana before any allocation of funds to the State or any Participating Local Governments. In no circumstances shall the LGFF receive more than 7.5% of the Total Cash Value received by the State of Louisiana including any funds received from a national fee fund as described in Paragraph D(2) above. If the State of Louisiana does not receive at least 65% of the total available Incentive

Payments, then the LGFF shall be null and void and no amounts shall be paid into the LGFF.

PERCENTAGE OF INCENTIVE PAYMENTS AWARDED	LGFF PERCENTAGE
65%	2%
70%	3%
75%	4%
80%	5%
85%	6%
90%	6.5%
95%	7%
100%	7.5%

6. The Parties further agree no counsel for any Litigating Participating Local Government shall recover, from any national fee fund and the LGFF, a combined contingency fee of more than 7.5% (plus expenses). Additionally, counsel for any Litigating Participating Local Government shall not be paid a contingency fee, from any national fee fund and the LGFF, that exceeds the amount due under its fee contract. If there are any funds remaining in the LGFF after payment of fees and expenses consistent with the terms of this agreement, those funds shall revert pro rata to the Participating LGs.
7. Although the amount of the LGFF shall be calculated based on the entirety of payments due to the LGs over a 10 to 18 year period, the LGFF shall be funded and made payable over a period of 7 years.

E. Accountability

1. The State and Participating Local Governments may object to an allocation of Opioid Funds solely on the basis that the allocation at issue (1) is inconsistent with provision B(1) hereof with respect to the amount of the State Share or LG Share; (2) is inconsistent with an agreed-upon allocation, or the default allocations in Exhibit B or (3) violates the limitations set forth in Exhibit A.
2. The Parties shall maintain, for a period of at least five years, records of abatement expenditures and documents underlying those expenditures, so that it can be verified that funds are being or have been utilized in a manner consistent with the Approved Purposes definition.
3. The Louisiana Legislative Auditor shall have the right to audit the Opioid Funds.

4. In an action brought pursuant to E(1), attorney's fees and costs shall not be recoverable.

F. Settlement Negotiations

1. The State and the Participating Local Governments agree to inform each other in advance of any negotiations relating to a Louisiana-only settlement with a Pharmaceutical Supply Chain Participant that includes both the State and the Participating Local Governments and shall provide each other the opportunity to participate in all such negotiations.
2. The State and the Participating Local Governments further agree to keep each other reasonably informed of all other global settlement negotiations with Pharmaceutical Supply Chain Participants. Neither this provision, nor any other, shall be construed to state or imply that either the State or the Participating Local Governments (collectively, the "Louisiana Parties") are unauthorized to engage in settlement negotiations with Pharmaceutical Supply Chain Participants without prior consent or contemporaneous participation of the other, or that either party is entitled to participate as an active or direct participant in settlement negotiations with the other. Rather, while the State's and the Participating Local Government's efforts to achieve worthwhile settlements are to be collaborative, incremental stages need not be so.
3. By virtue of executing this MOU, Participating Local Governments give the State the right to execute a settlement agreement with certain entities in the Pharmaceutical Supply Chain for those entities' role in the opioid epidemic. The Attorney General shall have the ability to release any and all claims said Participating Local Governments may have with those entities provided such settlement comports with the parameters of this MOU, including Exhibit A and Exhibit B. Furthermore, Local Governments shall not initiate any new litigation against any entity in the Pharmaceutical Supply Chain for harm caused by misfeasance, nonfeasance, and malfeasance committed by said entities that resulted in the opioid epidemic, unless the Local Government is granted written permission from the Attorney General. For the avoidance of doubt, in the event that a Participating Litigating Local Governments seeks to add additional defendants to its lawsuit, or desires to file new litigation against an entity in the Pharmaceutical Supply Chain related to the opioid epidemic, the Participating Litigating Local Government must first receive written permission from the Attorney General.

G. Amendments, Choice of Law, Venue, Consent Decree

1. The Parties agree to make such amendments as necessary to implement the intent of this agreement.

2. The Parties agree that this MOU, any amendments thereto, and any dispute arising out of or related to this MOU, shall be governed by and interpreted according to the laws of the State of Louisiana. Any action to enforce or interpret this MOU, or to resolve any dispute concerning it, shall be commenced and maintained only by a court of competent jurisdiction in East Baton Rouge Parish, Louisiana. The Parties understand and agree that, in connection with a settlement with any Pharmaceutical Supply Chain Participant, the State may file an appropriate action in a court of competent jurisdiction in East Baton Rouge, Louisiana seeking a consent decree approving such settlement and the allocation of settlement funds within the State of Louisiana pursuant to this MOU.

Acknowledgment of Agreement

The undersigned has participated in the drafting of the above Memorandum of Understanding including consideration based on comments solicited from Local Governments. This document has been collaboratively drafted to maintain all individual claims while allowing the State and Local Governments to cooperate in exploring all possible means of resolution. Nothing in this agreement binds any party to a specific outcome. Any resolution under this document will require acceptance by the State and the Local Governments.
