Caddo Parish Commission  
505 Travis St. 8th Floor  
Shreveport, LA 71101

Dear Hayley

Enclosed please find Reassessment Forms, which have been approved by Jo Ann Garrison of the Legislative Auditor's office. These forms are furnished for you to complete the resolutions or ordinances setting the 2024 tax rates. We are required to reassess all property every four years and adjust millage rates accordingly. 2024 is a reassessment year.

The Constitution places no limit on the amount by which you can reduce the millage rate. The Constitution does limit the amount of millage rate increase above the "Adjusted Maximum Millage" that is filled out on the Reassessment form. This increase cannot exceed the Maximum Authorized Levy (Prior Year's) "that is also filled out on your form. This increase can occur only after public hearing according to the Open meeting law. The Constitution requires in order to increase above the "Adjusted Maximum Millage" that you must have a two-thirds vote of the members elected or appointed to the taxing body.

In addition, if a taxing authority elects to roll forward to a millage rate not to exceed the "Maximum Authorized Levy (Prior Year's)", the district must follow instructions that are on the Legislative Auditor's website. The 2 x 4 block advertisement must run in a prominent location in your official journal, not less than 30 days before your meeting. If other requirements need to be met, please refer to the Legislative Auditor's website listed below before the public hearing.

Along with the affidavit, there are also instructions and samples of resolutions and public notices that you can follow depending on if you are rolling forward or not. The website is <https://www.la.gov/resources/assessors-and-millages>

The Reassessment process of adjusting millage rates does not apply to Bonds, debt service, millage renewals or service charges. However, these rates also require a resolution or ordinance to levy these taxes or charges for 2024.

If we can be of any service to you in your review of the computation of the millage rates or if we can secure any information which you may need in this matter, please do not hesitate to call on us.

Sincerely,

CHARLES R. HENINGTON, JR., C.L.A.
