She stated that the brindle dog ran off, so she started trying to get the white Pit Bull (Lucy) mix dog to their home. She stated that she stopped at her house and the dog followed her. She stated that she attempted to shove the dog away when entering her residence, but the dog broke into her living room and began to attack her dog by violently shaking it. 5/13/2025 8:41 a.m. attempted to make contact with Jacob Gillen at 318-469-4038 regarding Lucy. Left voicemail. **5/13/2025** 3:12 p.m. owner Allison McKneely, (318) 469-4038 returned my call and advised that she would like to proceed with the Animal Services Board. I advised that the dog will be up for a vicious dog determination. A. McKneely mentioned constructing a front gate as the dog will exit through the front door, I advised to wait and go through the Board as they could request that stipulation but it's currently unknown if the dog will be deemed vicious and not return to the property. The dog will remain in custody until the board convenes. T. Clark
