OTHER MATTERS TO BE REVIEWED BY THE COMMISSION

BROWN summarized the Special Resolution of the PZC for the public.

NEUBERT read the draft of the Special Resolution of the PZC and noted that the information is not final but is a proposed resolution.

BROWN mentioned the unified development code name will need to change since their jurisdiction is not unified with the city of Shreveport and stands alone. They will need a separate name as this is their own separate code.

CHAIR/BOARD MEMBER'S COMMENTS

MARCHIVE mentioned that he spoke with Commissioner John E. Atkins and Mayor Arceneaux about waving fees for building permits for renovation and repairs on properties but keeping the same requirements. He then explained to **NEUBERT** the relevance of taking these measures after she asked what the value was. **MARCHIVE** stated it gives the government the opportunity to participate with landowners and encourage them to take out permits which will help the government.

BROWN asked if the PZC Board could get the terms and appointment of service for the current Board members. **CLARKE** stated he would have it made available to them.

PRESLEY extended thanks to **HOOKS** for her service to the Board during her time as staff. **HOOKS** explained that she is joining the Peace Corps and will be leaving in September for a two-year service stay in Lesotho, Africa.

STAFF REPORT

AUGUST 27, 2025

AGENDA ITEM NUMBER: 6

MPC Staff Member: Kamrin Hooks

Parish Commission District: 9/John Atkins

CASE NUMBER 25-13-P: ZONING REQUEST

APPLICANT: AGM HOLDINGS LLC
OWNER: AGM HOLDINGS LLC
LOCATION: 277 E FLOURNOY LUCAS RD (W side of Ellerbe Rd, approx. 825' S of E Flournoy Lucas Rd)
EXISTING ZONING: R-1-7, R-E
REQUEST: R-1-7 to C-1
PROPOSED USE: Financial Institution

SUMMARY OF REPORT: The applicant is wanting to rezone their property from R-1-7 Single Family Residential Zoning District to C-1 Neighborhood Commercial Zoning District to build a financial institution on the property. This request is not consistent with the future land use map but is consistent and compatible with the development trends and growth patterns of the area. A recommendation for approval is warranted with the stipulation that the property be subdivided into a legal lot of record.

DESCRIPTION: The applicant is requesting to rezone their property from R-1-7 Single Family Residential Zoning District to C-1 Neighborhood Commercial Zoning District to eventually build a financial institution on the site. The property has a mix of zoning districts in the vicinity, such as C-1 Neighborhood Commercial, C-2 Corridor Commercial and R-E Residential Estate on the east side of the property.

There is no prior case history associated with this property. Relevant history nearby include P-12-92, R-1D to B-3 and B-2; approved, P-29-96, R-1D to B-2; approved, P-25-97. R-1D- to B-E or R-1D-E; approved, C-84-08, R-A to B-2; approved, and C-62-14, R-A to B-2 (PUD), approved, 25-4-p; R-A, R-E and R-1-7 to C-1; approved, and 25-24-c, R-E to C-1, approved.

Nearby neighborhoods include: ...

REMARKS: The applicant is wanting approval to rezone approximately one acre of land from R-1-7 Single Family Residential Zoning District and R-E Residential Estate Zoning District to C-1 Neighborhood Commercial Zoning District with intention to develop the land into a financial advisory office.

As stated in Article 4.3 of the Unified Development Code (UDC), C-1 is defined as *"The C-1 Neighborhood Commercial District is intended to accommodate local non-residential uses that predominantly serve the needs of the nearby residential neighborhoods and are similar in character of the surrounding residential neighborhood. Residential dwelling units are allowed above the ground floor."* The permitted by right uses in C-1 zoning district include *Agriculture, Amusement Facility – Indoor, Animal Shelter – Operated by Public Authority, Art Gallery, Arts Studio, Automated Teller Machine – Standalone, Bus Transfer Station, Community Center, Community Garden, Cultural Facility, Day Care Center, Dwelling – Above the Ground Floor, Educational Facility - Primary or Secondary, Financial Institution, Financial Institution with Drive-Through, Food Truck and Trailer*

STAFF REPORT

Vendor, Government Office, Lodge/Meeting Hall, Medical/Dental Office, Office, Personal Service Establishment, Place of Worship, Public Park, Public Safety Facility, Restaurant, Retail Goods Establishment, Soup Kitchen, Soup Kitchen - Accessory, Specialty Food Service, Wireless Telecommunications – Attachments to Existing Structures (Other than Towers), Wireless Telecommunications – Modifications (Eligible Facility), Temporary Farmers' Market, Temporary Outdoor Events, Temporary Sale of Non-Seasonal Merchandise and Temporary Seasonal Sales.

When reviewing the future land use map of the Shreveport-Caddo 2030 Masterplan, it designates this area for residential low. Residential low is characterized as having single-family housing with schools and churches. The proposed zoning is not consistent with this recommendation. In contrast, it would benefit to acknowledge the growth pattern of this corridor, which while not predicted to lean toward lower density/intensity commercial uses, clearly does at this location of Ellerbe Road and East Flournoy Lucas Road. When examining the surrounding area, while the subject property is adjacent to R-E a residential zoning district, the proposed zoning is compatible with the land use pattern in the area and the use consistent to what is presently at this corridor. If this application is approved, once development takes place proper mitigation will be required to mitigate any possible nuisances to the adjacent residential property.

Furthermore, all the existing commercial properties within 1,500 feet of the subject property are either C-1 or C-2. Neighborhood commercial is a classification that provides retail and services that meet day-to-day needs for residents and workers typically within a one-mile radius. The proposed use, which is designed to be of service to the surrounding community, if approved, will not be to the detriment of the public health, safety and welfare of the area and provide infill development on a lot of land that is currently vacant.

The subject property is adjacent to parcels recently rezoned to C-1, as documented in the relevant case history of this report (25-4-P and 25-24-C). At the time of the original rezoning, ownership complications prevented this parcel from being included in the request, despite its clear functional and locational connection to the adjoining properties. The applicant seeks to resolve this issue by now bringing the property into alignment with the surrounding C-1 zoning, which will ensure continuity of a growing lower commercial designated area. Had the ownership issues not arisen, this parcel would have been included in the original requests reviewed by the PZC and MPC which rezoned most of the property immediately surrounding this applicants property to C-1.

Per UDC requirements, the applicant hosted a neighborhood participation meeting on Monday, July 21, 2025, at 5:40PM to 6:15PM. There was a total of three people in attendance. General discussion ensued; no concerns were presented at the meeting.

STAFF

ASSESSMENT: Based on the information contained in the application, and analysis of the facts of record, MPC Staff concludes that approval is warranted due to the consistency with existing land use patterns with the stipulation that the lot be subdivided into a legal lot of record.

Alternately, based on information provided at the public hearing the PZC may:

- 1. Deny the application.**
