

MINUTES OF THE REGULAR SESSION
OF THE CADDO PARISH COMMISSION
HELD ON THE 23rd DAY OF OCTOBER, 2025

The Caddo Parish Commission met in a Regular Session, on the above date, at 3:47 p.m., in the Government Chambers, with Mrs. Gage-Watts, presiding, and the following members in attendance constituting a quorum: Commissioners Atkins, Blake, Burrell, Cothran, Gage-Watts, Jones, Kracman, Lazarus, Thomas, G. Young, and J. Young (11). ABSENT: Commissioner Epperson (1).

Mrs. Gage-Watts gave the invocation, and Mr. J. Young led the Commission in the Pledge of Allegiance.

AGENDA ADDITIONS

It was **moved by Mrs. Gage-Watts**, seconded by Mr. Jones, *that the agenda be expanded and Special Resolution for Brenda Ashley and Special Resolution for Bishop Joseph Walker be added under Special Resolutions.*

Madame President opened the floor for anyone to speak in favor or against adding these items to the agenda. There being no one to speak, the President closed the public hearing.

At this time, Mrs. Gage-Watts' motion carried unanimously with Commissioner Epperson being absent. Both items were added under Special Resolutions.

CITIZENS COMMENTS

Brenda O'Brock came before the Commission and gave the following comment:

Good afternoon, Commissioners. Brenda O'Brock, 248 Lake Point Dr, Shreveport, Louisiana. I've been coming to these Parish Commission meetings for about 40 years. Thank you. And, for the audience to understand, I have given a Socrates quote to each one of the Caddo Parish Commissioners, and I'm gonna read it to you. Does everyone have theirs? Thank you, wave them high if you haven't already thrown them away. Okay. "The secret of change is to focus all of your energy not on fighting the old, but on building the new." That was Socrates a long time ago, and I've been coming to these meetings for a long time, and you're still fighting some of the same things. I'd like to see Shreveport and Caddo move forward. Caddo Parish Commissioner Chris Kracman, please continue representing the people of Caddo. All Republicans, Democrats, no party, all black, white, Hispanic, Asian, et cetera. And, thank you for not dimming your light to make others comfortable when they need to be exposed. Thank you for being bold, for doing what is right, for speaking out, and for not being sold to the highest bidder. If our Commission chooses to pay for attorney fees for some Commissioners but not all Commissioners, these differences must be talked about publicly and dealt with accordingly. Citizens of Caddo want all Commissioners' attorneys' fees paid while they are defending taxpayers and exposing corruption. This is the job we elected our Commissioners to do. Pay Caddo Commissioner Chris Kracman's attorney fees now. And, he and his family should also be reimbursed for pain, suffering, and mental anguish, too.

There were no Visitors.

ADOPT REGULAR SESSION MINUTES

It was **moved by Mr. Cothran**, seconded by Mr. Thomas, *that Regular Session Minutes from October 9, 2025 and Special Session Minutes—Work Session Rescheduled from October 9, 2025 be adopted.* Motion carried unanimously with Commissioner Epperson being absent.

SPECIAL RESOLUTION BISHOP JOSEPH WALKER

We have not received details on this Special Resouoiton.

ADMINISTRATION REPORT

- **Announcements**

Administrator Bryant announced that the previously scheduled Budget Retreat will be rescheduled to Wednesday, November 12. Additionally, the Grand Opening for the Walter B. Jacobs Memorial Nature Park is scheduled for Wednesday, December 4, at 10:00 a.m.

- **Early Child Education**

Kristina Gustavson, Community Foundation, presented the annual Community Counts Report, highlighting key improvements in community indicators across the Shreveport-Bossier MSA. Of 41 total indicators, 30 showed improvement or stability — the region’s strongest performance since 2015.

She discussed the Early Childhood Education Initiative, emphasizing:

- Persistent poverty among families with children under age 5 (approximately twice the overall poverty rate).
- Declining kindergarten readiness since 2018 and factors contributing to the 2023 dip, including the impact of COVID and a change in the state's assessment metric.
- Evidence showing that children attending Type III child care centers demonstrate significantly higher kindergarten readiness and literacy performance than peers not enrolled in early education.

Ms. Gustafson outlined measurable results:

1. Increased enrollment in Type III child care centers—over 1,000 children served across three years.
2. Revenue growth among participating centers.
3. Improved academic performance for children in the scholarship program.

She noted that \$25 million had been leveraged over three years through local and state matching funds, with a goal to secure an additional \$2–3 million for the next funding cycle. Ms. Gustafson expressed her vision for Caddo Parish to become the first parish in the nation to provide early education access for all children in need through a mixed-delivery model incorporating Head Start, Type III centers, and LA4 classrooms.

Mr. Atkins asked about the percentage of eligible children served. Ms. Gustafson estimated approximately 10% participation through Type III centers, with greater coverage when including Head Start and LA4 programs.

Mr. J. Young inquired about per-child costs and economic impact. Ms. Gustafson noted an average annual cost of \$9,500 per child and cited economist James Heckman's finding of a 13% return on investment for early education through reduced social costs and improved outcomes.

Mrs. Blake asked about geographic coverage, particularly within his district, and how families learn about scholarship opportunities. Ms. Gustafson clarified that the 18 listed centers are those currently in the scholarship program and that expansion is ongoing. She also described outreach efforts through smartstartcaddo.com, and potential partnerships with pediatric offices to increase awareness.

Ms. Gustafson will provide a copy of the presentation to the Commissioners. She will also follow up with data on district-level child care centers.

- AT&T Broadband Update
Lamar Greenhouse

Administrator Bryant introduced Mr. LaVor Greenhouse of AT&T, who was scheduled to provide an update on broadband initiatives following the Community Foundation presentation.

AT&T (LaVor Greenhouse, Regional Director of External Affairs; with Wayne Stein, Engineering; Mika Echols, Network Operations; Tim Johnson, Master Contractor) outlined active work to overbuild legacy copper/DSL with fiber (up to 5 Gbps) and expand wireless capacity with additional towers. AT&T has invested \$2.1B in Louisiana, with continued work in Caddo/Shreveport. Challenges include copper theft (now subject to increased penalties under recent state law) and fiber cuts from third-party construction amid statewide build activity.

Before construction, AT&T/contractors place yard signs and door hangers (with a direct contractor phone number for issues like sprinklers, soil, drainage). Work occurs in public right-of-way and, where applicable, utility servitudes/easements (including rear-lot access in older plats). Driveway bores and access structures may be required; contractors are responsible for site restoration. Commissioners noted prior gaps in notification; AT&T stated the door-hanger process is now standard and distributed contact cards for field crews.

Engineering is planned on rolling annual waves (2025-2027); exact neighborhood timing varies due to permitting, materials, locates, and design constraints. Proprietary build maps cannot be shown publicly but can be shared privately with the Administrator and Commissioners. In Caddo Parish, current builds are AT&T-funded (not subsidized by BEAD/GUMBO). Regulatory oversight splits between FCC (broadband) and Louisiana PSC (some legacy services). AT&T prefers buried plant for resiliency.

Mrs. Blake raised concerns with outages in Broadmoor. Mr. Greenhouse explained that intermittent outages in Broadmoor are largely due to squirrel damage to fiber sheath (soy-based jacketing

attracts squirrels), not tree canopies. AT&T is evaluating alternative sheath materials to mitigate recurring damage.

AT&T announced approximately ten open technician roles (installation/premises). Hiring seeks long-term career candidates. They will send the application link to Commission Clerk, Mr. Jeff Everson, for distribution.

- Providence House
Sharpel Welch

Ms. Sharpel Welch, new Executive Director of Providence House, thanked the Commission for ongoing support, introduced services (including Homelessness Prevention to mitigate crises before displacement), and invited Commissioners to a reception on November 20 at 5:30 p.m. at the Robinson. Commissioners expressed appreciation, interest in volunteerism, and discussed a potential client case (assisting a resident in unsafe housing).

COMMUNIQUE & COMMITTEE REPORTS

- Mr. Burrell requested an update regarding the previously discussed meeting with Job Corps representatives. Administrator Bryant confirmed that scheduling is in progress, with potential availability the week following next due to existing obligations. Administrator Bryant noted that Mr. Essom has been asked to prepare materials outlining Job Corps' requests, scope, and timelines for review once a meeting date is finalized.

Mr. Burrell inquired about the ongoing cat overpopulation on Boss Avenue. Assistant Director Samuel reported that Animal Services is actively trapping cats and using a Trap-Neuter-Return (TNR) strategy. However, due to the number of animals, many will instead be relocated as barn cats once the department's contracted veterinarian returns to resume high-volume spay/neuter operations.

Mr. Burrell requested a moment of silence to honor Lloyd Reliford, a Shreveport native and former gang member who became a gang-prevention advocate and founder of The Right Way Foundation. Mr. Reliford passed away recently from a heart attack while working in public service. Mr. Burrell recounted his contributions to gang-prevention programs in Shreveport and Denver and noted upcoming funeral services. At this time, a moment of silence was observed in Mr. Reliford's memory.

- Mr. J. Young asked the Parish Attorney for clarification regarding indemnification of Commissioners and employees under Parish Ordinance § 2-48. Attorney Frazier stated that a detailed memorandum explaining the criteria for determining whether actions fall within the scope of official duties was sent earlier in the day and invited follow-up questions after review. Attorney Frazier provided written guidance via memorandum.

PRESIDENT'S REPORT

Madame President Gage-Watts began by congratulating Commissioner Ron Cothran for being honored by his district for his dedication and service. Condolences were extended to the family of a City of Shreveport employee found deceased in Twelve Mile Bayou.

She highlighted updates from the Caddo Parish Youth Leadership Alliance (CPYLA), noting the election of new officers chaired by Sherri, strong engagement from members, and impactful presentations by Juvenile Services and Animal Services. The President encouraged Commissioners to attend future sessions and announced plans to resume meetings at the Juvenile Detention Center.

She also promoted animal adoption through Caddo Parish Animal Services, sharing her personal experience adopting a Yorkie. President Gage-Watts thanked the Communications Team for producing outstanding CPYLA social media reels. The Commission's new Instagram handle, @ParishOfCaddo, was announced. Appreciation was expressed to the Governmental Liaison for mentorship and coordination with CPYLA youth and to the Clerk's Office for extended hours during meetings.

The President emphasized the need to schedule upcoming committee meetings to address time-sensitive issues, particularly for the Long-Range Planning Committee and the Personnel and Policy Committee, and requested that Mrs. Blake schedule a Natural Resources Committee meeting prior to the next Work Session, if possible.

She then recognized October as Breast Cancer Awareness and Domestic Violence Awareness Month, urging participation in community initiatives such as: Project Celebration's purple box donation drive; C Right Pink Ribbon Project's Pink-Out Sunday at Stonewall Baptist Church; and the successful Sickle Cell Walk and Run, which united families, partners, and survivors in awareness and

remembrance.

The President also honored the memory of Aaliyah and Danielle, two children lost in a tragic fire, urging the public to assist investigators by contacting Caddo Crime Stoppers (318-673-7373).

Congratulations were extended to Letty B's Pathway to Peace, a newly opened sober living home for women in the Mooretown community, providing safe transitional housing and recovery support.

PUBLIC HEARING ON ORDINANCES

Madame President Gage-Watts opened the floor for a public hearing on the following ordinances:

- *Ordinance No. 6563 of 2025, an ordinance amending the Budget of Estimated Revenues & Expenditures for the Riverboat Fund and the Oil & Gas Fund to provide an additional appropriation for the Safe Summer Program and to otherwise provide with respect thereto*
- *Ordinance No. 6565 of 2025, an ordinance amending the Budget of Estimated Revenues & Expenditures for the Economic Development Fund to provide an appropriation for Christmas in Roseland and to otherwise provide with respect thereto*

Marilyn Wellan came before the Commission and gave the following comment in support of Ordinance No. 6565 of 2025:

Well, Madam Chairman, thank you. Thank you for having us today. I am Marilyn Wellan. This is Allison Richardson, I just got to know her. Okay, I live in Alexandria, Louisiana, but this is my second home. The American Rose Center is my place. It is the best place. We've been putting on Christmas in Roseland for 42 years, and we have been the headquarters of the American Rose Society, a national organization right here in Shreveport, for 50 years. The organization's 133 years old, but right now it's suffering some financial trouble and it's decided to split away from the gardens, thinking that they should focus their efforts on members and membership and mission. And, the best news is the gardens are so much better off because we don't have to support the society anymore. And, the other best news is the community of Shreveport, for the very first time, will now be the owners of the gardens, whereas we've just been visitors to the area for these 50 years. So, I think that's going to be really great news and the gift that you are contemplating and you have spoken of before is so important to us. It actually made Christmas in Roseland possible this year. And, I want to tell you that the Shreveport Visitors Bureau gives us credit for about \$2 million in annual contribution to the market activity in this area every year. So, it does have a great benefit. But the other beautiful thing is we want you to remember these gardens when you want to go to a lovely place with towering pine trees and roses and beautiful walks and trees and flowers. It's a wonderful place to be, a wonderful place to bring your family. And so, we know we will succeed and you are kicking us off in the best way possible with this gift if you choose to vote that way. But we did read the press when they were here at the last meeting, and your comments were so much appreciated, very much appreciated. And, Allison and I would like to invite you to the grand opening of Christmas in Roseland this year on December 4th. I heard another event on the 4th, but we'd love to have you on December 4th or throughout the Christmas season all the way up to the night before Christmas Eve. I am certainly in favor and Allison and I vote wholeheartedly in favor of this motion. [Mrs. Gage-Watts asked what time the grand opening would be on December 4th.] I would say six. [Mrs. Gage-Watts later asked the speaker to state her name and address for the record.] I am Marilyn Wellan, of course, 8877 Jefferson Paige Road, Shreveport, Louisiana. Thank you again.

Allison Richardson came before the Commission and gave the following comment in support of Ordinance No. 6565 of 2025:

And, I just wanted to say thank you for answering the call. As I continue to work with the national organization, I also am here and so, being able to maintain wonderful tourist opportunity and things for memories for our children and future generations. So, thank you again to the Commission for contemplating this gift. [Mrs. Gage-Watts asked the speaker to state her name and address for the record.] Allison Richardson, 8877 Jefferson Paige Road, Shreveport, 71119.

There being no one to speak in favor, or against, the ordinances, the President closed the public hearing.

Mr. Atkins discussed renaming the program to better reflect its year-round youth engagement purpose rather than its current summer-specific title. The President noted its proven role in reducing youth-related crime.

Mr. Kracman sought clarification regarding total project costs. Representatives confirmed that the \$50,000 parish appropriation accounts for half of total event expenses, with remaining funds secured through sponsorships and ticket sales. Several Commissioners expressed support, commending the organization's progress and community collaboration.
