

MINUTES OF THE SPECIAL SESSION  
OF THE CADDO PARISH COMMISSION  
BUDGET ADOPTION  
HELD ON THE 2<sup>ND</sup> DAY OF DECEMBER, 2025

The Caddo Parish Commission met in a Regular Session, on the above date, at 3:30 p.m., in the Government Chambers, with Mrs. Gage-Watts, presiding, and the following members in attendance constituting a quorum: Commissioners Atkins, Blake, Burrell, Cothran, Epperson, Gage-Watts, Jones, Kracman, Lazarus, Thomas, G. Young, and J. Young (12). ABSENT: None (0).

Mr. J. Young gave the invocation, and Mr. Epperson led the Commission in the Pledge of Allegiance.

**CITIZENS COMMENTS**

Martha Marak came before the Commission and gave the following comment:

Hello Commissioners, I am Martha Marak. I feel like I know almost everyone. Do I need to give my address? Okay. I am here representing the Food Bank of Northwest Louisiana and really to give my sincere thanks and appreciation to all of you for the wonderful partnership, that together we fed over 3,000 families in one day, which was quite a feat. We know that feeding people is very labor intensive and hard to do physically, but I am so grateful for the work that we all did together. And I just wanted to share our thanks from the Food Bank and to let y'all know that that day, not only did we feed 3,000 families, we provided almost 150,000 pounds worth of food that we got to families that needed. It was enough food for 450,000 meals. And the retail value of the food was \$285,000 at a minimum, it could have been more, because we added to the funds that we received from the Commission to be sure that not only did they get food, but they got healthy food. I just wanted to tell you how grateful I was and show our appreciation. Hope we can do it again, and thank you so much.

**NEW BUSINESS**

BE IT FURTHER ORDAINED that any time during the year the Administrator of the Caddo Parish Commission shall have the authority to transfer part or all of the unencumbered appropriation from one budget line item to another budget line item within departments or functions. Appropriation transfers between departments or functions shall only be Parish Commission action amending this ordinance.

It was **moved by Mr. Cothran**, seconded by Mr. Thomas, *that Ordinance No. 6569 of 2025 be amended to provide an increase of \$40,000 in marketing campaign to promote relocating to Caddo Parish, which was recommended by the Long-Range Planning Commission. Motion carried*, as shown by the following roll call votes: AYES: Commissioners Atkins, Blake, Burrell, Cothran, Epperson, Gage-Watts, Jones, Lazarus, Thomas, G. Young, and J. Young (11). NAYS: Commissioner Kracman (1). ABSENT: None (0). ABSTAIN: None (0).

It was **moved by Mr. Kracman**, seconded by Mrs. Blake, *that Ordinance No. 6569 of 2025 be amended to decrease the allocation to the Metropolitan Planning Commission by \$118,275 (From \$325,000 to \$206,725). This reduction matches the 8.7% reduction by the City (\$28,275) and an additional \$90,000 for a study.*

Mr. Kracman explained that after reviewing budget figures and communicating with fellow Commissioners, there was broad agreement that a different approach was needed regarding MPC funding. He noted that the MPC had appeared before the Commission on multiple occasions requesting amendments to the development code since it was no longer unified with the City of Shreveport's code.

Mr. Kracman said that the MPC staff indicated they could not update the development code in-house and would require a third-party study, which had previously been estimated at \$90,000. He stated that the proposed reduction would account for that amount while also reflecting a decrease in case volume. Additionally, he referenced the impending retirement of MPC Director Alan Clark and indicated that there was no immediate intention to replace him, which provided some budgetary flexibility. He further noted that there has been a reduction in cases following the Commission's adoption of accessory dwelling unit ordinances. Mr. Kracman characterized the proposed reduction as moderate and noted that the MPC allocation had not been revisited in approximately four years. He requested the Commission's support.

During discussion, Mr. Cothran expressed concern about whether the proposed reduction would impact MPC employees. He stated that while he understood Director Clark was retiring, it would have been helpful for an MPC representative to be present to explain the budget figures and potential impacts.

Administrator Bryant responded that the MPC functions as a vendor under contract with the Parish, rather than as an internal department. She explained that the Parish contracts with MPC to provide specific services, including meetings, case processing, and planning reviews. She stated that she could not confirm that the same level of service could be maintained at the reduced funding level and emphasized that the current contract amount of \$325,000 had been in place for at least three years without increases. She further noted that additional data from MPC would be necessary to determine whether services could be maintained at a lower cost.

Mr. Cothran suggested placing the amendment on hold until MPC representatives could be invited to discuss the matter in detail. He stated that he supported cost savings if service levels could be maintained but emphasized the importance of ensuring that the Parish continued to receive at least the same level of service. The Chair agreed that the issue warranted further discussion and indicated that the Commission could revisit the matter at a later time if necessary.

Mr. Burrell asked whether the proposed reduction assumed that Director Clark would not be replaced. Mr. Kracman clarified that the reduction was not contingent upon whether a replacement would be hired and stated that sufficient flexibility remained for MPC to address staffing decisions if needed. Mr. Burrell then asked whether the Commission could leave the budget as proposed and revisit reductions later. Administrator Bryant confirmed that the Commission could adopt the budget and delay execution of the MPC contract until additional information was provided, at which point amendments could still be made.

Administrator Bryant further explained that when MPC became a contracted service rather than an internal department, analysis showed that providing the same services in-house could cost between \$400,000 and \$500,000. She stated that while circumstances had changed, including case volume and the Director's retirement, additional information was needed before determining whether a reduced contract amount was appropriate.

Mr. Burrell stated that based on the information presented, he did not see a need to make changes at that time. Mr. Atkins noted that it would also be possible to approve the reduction now and add funds back in a future budget year if needed

**Call for the Question by Mr. Thomas**, seconded by Mrs. Gage-Watts. Motion carried, as shown by the following roll call votes: AYES: Commissioners Atkins, Blake, Burrell, Cothran, Epperson, Gage-Watts, Jones, Thomas, and J. Young (9). NAYS: Commissioners Kracman, Lazarus, and G. Young (3). ABSENT: None (0). ABSTAIN: None (0).

At this time, Mr. Kracman's motion failed, as shown by the following roll call votes: AYES: Commissioners Atkins, Blake, Kracman, Lazarus, and J. Young (5). NAYS: Commissioners Burrell, Cothran, Epperson, Gage-Watts, Jones, Thomas, and G. Young (7). ABSENT: None (0). ABSTAIN: None (0).

It was then **moved by Mr. Cothran**, seconded by Mr. Thomas, *that Ordinance No. 6569 of 2025, General Fund*, be adopted as amended. Motion carried unanimously.

It was **moved by Mr. J. Young** that the following ordinances be englobed and adopted:

- Ordinance No. 6577 of 2025, Biomedical Fund
- Ordinance No. 6578 of 2025, Riverboat Fund

It was **moved by Mr. Thomas**, seconded by Mr. Burrell, to amend Ordinance No. 6578 of 2025, Riverboat Fund, by reducing the appropriations by \$170,677.

Mr. Thomas clarified that the discrepancy was related to the "Extensions of Excellence" allocation. He explained that during prior committee discussions, two Salvation Army locations had been under consideration, one of which had been experiencing issues related to reopening. Since those issues had been resolved, the additional \$5,000 was no longer necessary, resulting in the revised reduction amount of \$170,677.

Mr. Atkins requested clarification regarding the overall fiscal impact of the reduction and asked whether the proposed amendment would still leave an estimated deficit of approximately \$1.693 million. In response, it was explained that the proposed appropriations totaled approximately \$1.87 million and that the \$170,677 reduction would be applied against that amount.

At this time, Mr. Thomas' motion carried unanimously.

The Clerk of the Commission stated that there was a motion on the floor to englobe and adopt Ordinance No. 6577 and Ordinance No. 6578. Mr. Atkins requested that these be voted on separately.

It was **moved by Mr. J. Young**, seconded by Mr. Jones, that Ordinance No. 6577 of 2025, Biomedical Fund be adopted. Motion carried unanimously.
