### **How Does It Work?**

Mitolyn works by delivering a potent blend of antioxidants, amino acids, and vitamins directly to your mitochondria, revitalizing their function and enabling your body to produce energy more efficiently. It helps reduce oxidative stress and supports mitochondrial regeneration.

### **The Science Behind**

Studies suggest that mitochondrial dysfunction is linked to aging, fatigue, and metabolic issues. Ingredients like CoQ10 and PQQ have been shown in clinical research to improve mitochondrial density and function. By enhancing the performance of these cellular engines, Mitolyn helps the body generate sustainable energy at a foundational level.
